

First Circular and Call for Papers

Qingdao International Convention Center, Qingdao, China

IUMRS-ICA 2010

11th IUMRS International Conference in Asia

Qingdao International Convention Center, Qingdao, China September 25-28, 2010

Organized by Chinese Materials Research Society(C-MRS)
International Union of Materials Research Societies (IUMRS)
(Co-organized by MRS-T and MRS-J)

Sponsored by Government of Qingdao City, Shandong Province, China

Website <http://www.iumrs-ica2010.org>

Supported by

Ministry of Science and Technology of China
China Association for Science and Technology
National Natural Science Foundation of China
Chinese Academy of Sciences
Chinese Academy of Engineering

Introduction

The IUMRS International Conference in Asia (IUMRS-ICA) is one of the most important serial conferences of the International Union of Materials Research Societies (IUMRS) and is organized by all of the Materials Research Societies in the Asian area. The first IUMRS-ICA was organized by C-MRS in September 1993 on a ship in the Yangtze River, and has been organized subsequently by MRS-T, MRS-K, MRS-J, MRS-India, and MRS-Singapore. IUMRS-ICA provides the opportunity for scientists, engineers, and students from not only Asia but around the world to exchange their recent achievements in the field of materials research and development. IUMRS-ICA 2010 will be organized by C-MRS and co-organized by MRS-T and MRS-J.

IUMRS-ICA 2010 will have 21 Symposia covering six fields of Energy and Environmental Materials; Advanced Structural Materials; Functional and Electronic Materials; Nano-scale and Amorphous Materials; Health and Biological Materials; and Materials Modeling, Simulation, and Characterization. *A forum on Materials Education* and an *exhibition on Advanced Materials, Manufacturing and Testing Equipments* will be held simultaneously with the conference.

Conference Venue

The conference will be held in Qingdao International Convention Center, Qingdao, Shandong Province, China from Sept. 25 to 28, 2010. Qingdao is a picturesque city situated on the Yellow Sea on the southern coast of Shandong. It has many attractions including Mount Laoshan - the highest mountain in China adjacent to the sea. It also has the largest beach in Asia, as well as many fine European-style houses and modern high-rise buildings. Qingdao has won a number of honorary titles among the categories "Excellent Tourist Cities", and "Most Favored Cities". Qingdao is also a romantic city featuring a long coastline, bright sunshine and blue sky, beautiful flowers, and majestic trees. The little houses in Qingdao look as though they come from a fairy tale. Qingdao is the home of the world-famous Tsingtao Beer. You can wander around in the beautiful Badaguan area and enjoy the fantastic night scenes. The above tributes were also made to Qingdao at the ceremony citing Qingdao as the "Best Human Habitat in China".

Symposia

Energy and Environment Materials

- A. Solar Cells
- B. Materials for Energy Storage and Fuel Cells
- C. Photo Catalytic Materials and Applications on Energy and Environment
- D. Eco-materials and Technology on Climate Change

Advanced Structural Materials

- E. Magnesium (Fourth International Conference on Magnesium)
- F. Advanced High Temperature Structural Materials
- G. Structural Composite Materials
- H. Advanced Processing Technologies of Materials
- I. High Temperature Coatings and Surface Protection

Functional and Electronic Materials

- J. Electronic Materials and Devices
- K. Ferroelectric, Piezoelectric and Dielectric Materials
- L. Smart Materials
- M. Science and Advanced Technology of Gels and Aggregates
- N. Thin film Materials and Technology
- O. Advanced Superconducting Materials

Nano-scale and Amorphous Materials

- P. Nano-materials and Technology
- Q. Magnetic Materials at Nano-scale
- R. Bulk Metallic Glasses and High-entropy Alloys

Health and Biological Materials

- S. Bio-medical Materials

Materials Modeling, Simulation and Characterization

- T. Multi-scale Modeling and Simulation of Materials
- U. Materials Characterization and Evaluation

Forum

- FA. Materials Education

Working Language

The working language for this conference is English.

Conference Chairs

Chair

Boyun Huang President, C-MRS

Co-Chairs

R.P.H. Chang General Secretary, IUMRS

Yong Gan President, China Iron and Steel Research Institute Group

Ke Lu President, Institute of Metal Research, CAS

International Advisory Board

Chair:

Changxu Shi NSFC

Members:

Byung Tae Ahn President of MRS-K
 B. V. R. Chowdari, President of MRS-Singapore
 Gabriel Crean, Past president of IUMRS
 Masao Doyama Past president of IUMRS
 Fernando Lázaro Jr. Freire President of B-MRS
 Jonqmin Liu Past president of MRS-T
 García José Ovejero President of MRS-A
 David Ginley President of MRS
 Howard Katz President of IUMRS
 Hyeong Joon Kim Past President of MRS-K
 Naoki Kishimoto President of MRS-J
 Hengde Li Past President of IUMRS
 Nikolai Z. Lyakhov President of MRS-R
 T. Ramasami President of MRS-I
 Tsong P. Perng President of MRS-T
 Francesco Priolo President of E-MRS
 Paul Siffert General Secretary of E-MRS
 Pedro H. Hernández Tejada President of MRS-Mexico
 J.S. Williams President of A-MRS
 Kuangdi Xu President of CAE
 Lian Zhou Past President of IUMRS

Organizing Committee

Chairs:

Hailing Tu General Research Institute for
 Nonferrous Metals
 Jian Xu Institute of Chemistry, CAS
 Osamu Takai Nagoya University, Japan

Members:

Guoqiang Dai Ministry of Science and Technology
 Shoushan Fan Tsinghua University
 Ruiping Gao National Natural Science Foundation
 of China
 Paul J. L. Hornig MRS-T
 Guangxian Li Sichuan University
 Yuanyuan Li South China University of Technology
 Hongjie Luo Shanghai Institute of Ceramics, CAS
 Shixi Ouyang China Building Materials Academy

Erwei Shi Chinese Academy of Sciences
 Duan Weng Tsinghua University
 Bingbo Wei Northwestern Polytechnical University
 Jianxin Xie University of Science and Technology
 Beijing
 Huibin Xu Beihang University
 Ze Zhang Beijing University of Technology
 Zengzhi Zhang C-MRS

Program committee

Chairs:

Yafang Han C-MRS
 Shaoxiong Zhou China Iron and Steel Research
 Institute Group
 Qiang Feng University of Science and
 Technology Beijing

Members:

Chengwei Che National Natural Science
 Foundation of China
 Yunfa Chen Institute of Process Engineering, CAS
 Xingao Gong Fudan University
 Zhongwei Gu Sichuan University
 Enhou Han Institute of Metal Research, CAS
 Xuejie Huang The Institute of Physics, CAS
 Chengbao Jiang Beihang University
 Lijun Jiang General Research Institute for
 Nonferrous Metals
 Zhaoping Lu University of Science and
 Technology Beijing
 Guanghui Ma Institute of Process Engineering, CAS
 Zuoren Nie Beijing University of Technology
 Fusheng Pan Chongqing University
 Jianmao Tang C-MRS
 Rongming Wang Beihang University
 Tianmin Wang Baihang University
 Xiaosu Yi Beijing Institute of Aeronautical
 Materials
 Huaiwu Zhang Univ. of Electronic Science and
 Technology of China
 Yichun Zhou Xiangtan University
 Zhigang Zou Nanjing University

General Secretary

Yafang Han

Deputy General Secretaries

Duan Weng Zengzhi Zhang Qiang Feng

Keynote Lectures

Keynote lectures in the plenary session will be recommended by C-MRS, MRS, E-MRS, MRS-T, MRS-J and IUMRS.

Symposia, Main Topics and Organizers

A. Solar Cells

Main topics:

Energy and environment materials-solar cells;
Silicon solar cells;
Dye sensitization solar cells;
Challenges in advanced solar cell development and manufacturing;
Organic/ Inorganic Photovoltaic Thin Film Materials

Organizers:

Shaoxiong Zhou	China Iron and Steel Research Group
Kung-Hwa Wei	Chiao Tung University (MRS-T)
Hui Shen	Sun Yat-Sen University
Thuc-Quyen Nguyen	University of California at Santa Barbara
Tiger Ma,	Suntec Power, Shanghai, China
R.P.H. Chang	Northwestern University, USA
Qingbo Meng,	Institute of Physics, CAS, Beijing, China

Contacts:

Xin Zhang	China Iron and Steel Research Institute Group
Tel:86-10-6218-2804(o)	86-13436437613(cell)
E-mail:sxzhou@atmcn.com	
Kung-Hwa Wei	Chiao Tung University (MRS-T)
Tel: 886-3-5712121-31871	
E-mail: khwei@mail.nctu.edu.tw	

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI),
2. Materials Science Forum (EI, ISTEP)

B. Materials for Energy Storage and Fuel Cells

Main topics:

Lithium ion batteries and related materials;
Nickel metal hydride batteries and related materials;
Large scale energy storage technology and related materials;
Novel hydrogen storage materials;
Materials for fuel cells;
High temperature heat storage materials

Organizers:

Xuejie Huang	Institute of Physics, CAS
Lijun Jiang	General Research Institute for Nonferrous Metals
Jian Li	Huazhong University of Science and Technology
Sanping Jiang	Curtin University of Technology, Australia.

Contacts:

Xiaopeng Liu	General Research Institute for Nonferrous Metals
Tel:86-10-8224-1240(o)	86-13651075010(cell)
E-mail: xpqliu@126.com	

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Journal of the Chinese Rare Earth Society (SCI)
3. Materials Science Forum (EI, ISTEP)

C. Photocatalytic Materials and Applications on Energy and Environment

Main topics:

Photocatalytic mechanism;
Photocatalytic purification of environment;
Photocatalytic energy conversion;
Photoelectrochemistry of materials;
Preparation of photocatalysts;
Structure and properties of photocatalysts;
Photocatalytic antibiosis and self-cleaning;
Photocatalytic conversion of CO₂;
Applications of photocatalysis on biology and life;
New photocatalysts and their new applications

Organizers:

Zhigang Zou	Nanjing University
Tianmin Wang	Beihang University
Xianzhi Fu	Fuzhou University
Jinhua Ye	National Institute for Materials Science, Japan

Contacts:

Ruiqiong Wang	Nanjing University
Tel:86-25-8368-83686630 (o); 86-13951892947 (cell)	
E-mail: wrq11@nju.edu.cn	

Publication Journals for Symposium:

1. Chinese Journal of Inorganic Chemistry (SCI)
2. Materials Science Forum (EI, ISTEP)

D. Eco-materials and Technology on Climate Change

Main topics:

Environmental conscious materials and manufacturing technologies;
Materials life cycle assessment;
Eco-design;
Resources application and management;
Carbon footprinting and greenhouse gas emissions mitigation technology

Organizers:

Zuoren Nie	Beijing University of Technology
Tianmin Wang	Beihang University
Ryoichi Yamamoto	University of Tokyo (Japan)

Contacts:

Zuoren Nie	Beijing University of Technology
Tel: 86-10-67391536(o)	86-13501126962(cell)
E-mail: zrnjie@bjut.edu.cn	

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

E. Magnesium(Fourth International Conference on Magnesium)

Main topics:

Primary production technologies;
Recycling and environmental issues;
Alloy development;
Phase transformations;
Product manufacturing processes;
Mechanical and physical properties;
Welding and joining;
Corrosion and surface finishing;
Designs and applications

Organizers:

Fusheng Pan	Chongqing University, China
S. Kamado	Nagaoka University of Technology, Japan
K.S. Shin	Seoul National University, Korea
Enhou Han	Institute of Metal Research, China

Contacts:

Jingfeng Wang, Chongqing University
Tel:86-23-6511-2153(o)
E-mail: jfwang@cqu.edu.cn

Publication Journals for Symposium:

1. Transactions of Nonferrous Metals Society of China (SCI).
2. Materials Science Forum (EI, ISTEP)

F. Advanced High Temperature Structural Materials

Main topics:

Advances in superalloy and intermetallic alloy development;
Advances in casting and processing of superalloys and intermetallic alloys;
Physical metallurgy of superalloys and intermetallic alloys;
Micro- and Macro-deformation mechanisms in superalloys and intermetallic alloys;
Coatings and environment effects;
Modeling and simulation

Organizers:

Chengbo Xiao	Beijing Institute of Aeronautical Materials
Qiang (Charles) Feng	Univ. of Science and Technology Beijing
Yuefeng Gu	National Institute for Materials Science, Japan
Chang Yong Jo	Korea Institute of Materials Science, Korea
Lin Liu	Northwestern Poly-technical University

Contacts:

Yi Wu	Beijing Institute of Aeronautical Materials
Tel:86-10-6249-6372(o)	
E-mail: Wuyi8441@126.com	

Publication Journals for Symposium:

1. Transactions of Nonferrous Metals Society of China (SCI)
2. Chinese Journal of Aeronautics (SCI).
3. Materials Science Forum (EI, ISTEP)

G. Structural Composite Materials

Main topics:

Innovation in composite design;
Low-cost processing technologies;
Development of new matrix system;
Carbon nano-tube (CNT) composites;
Intelligent composite structures;
Composite quality assurance and control

Organizers:

Nyan-Hwa Tai	National Tsing Hua University, MRS-T
--------------	--------------------------------------

Xiaosu Yi Beijing Institute of
Aeronautical Materials
Stephen. K.L. Lee Hong Kong Univ. of Sci. and
Technology
Jianmao Tang C-MRS

Contacts:

Jianmao Tang
Tel: 86-13552218185(cell)
E-mail: Chunrong0625@sina.com.cn
Nyan-Hwa Tai
Tel: 886-3-5715131 ext. 42568
E-mail: nhtai@mx.nthu.edu.tw

Publication Journals for Symposium:

1. Chinese Journal of Aeronautics (SCI).
2. Materials Science Forum (EI, ISTP)

H. Advanced Processing Technologies of Materials

Main topics:

Materials and material engineering;
Deformation mechanics;
Surfaces, surface engineering and coating;
Friction, lubrication, wear and heat transfer;
Bulk metal processing, sheet metal working;
Joining, shearing, cutting, rotary forming and spinning;
Powder forming, semi-solid forming, micro-forming;
Dies and tools;
Solidification;
Rapid prototyping, rapid tooling and tool coating;
Processing machines and equipment;
Information technology and knowledge engineering;
Computer assisted techniques, simulation and virtual
prototyping of processes and systems, CAE, PDM and CIM;
Intelligent processing of materials;
New methods and processes in processing

Organizers:

Jianxin Xie University of Science and
Technology Beijing
Xuanhui Qu University of Science and
Technology Beijing
Wanqi Jie Northwestern Polytechnical
University, China

Contacts:

Xuefeng Liu University of Science and
Technology Beijing
Tel: 86-10-62333627(o) 86-13671025632(cell)
E-mail: liuxuefengbj@163.com

Publication Journals for Symposium:

1. Rare Metal Materials and Engineering (SCI)
2. Materials Science Forum (EI, ISTP)

I. High Temperature Coatings and Surface Protection

Main topics:

Surface coatings and films for structural materials
Oxidation resistant coatings
Surface modifications by high-energy beams
Thermal barrier coatings
Surface and interface science

Organizers:

Shengkai Gong Beihang University
Sam Zhang Nanyang Technological
University (Singapore)
Chungen Zhou Beihang University
Dongbai Sun University of Science and
Technology Beijing

Contacts:

Hongbo Guo Beihang University
Tel: 86-10-8231-7117
E-mail: guo.hongbo@buaa.edu.cn
Sam Zhang Nanyang Technological
University
Tel: 65-6790-6827 E-mail: msyzhang@ntu.edu.sg

Publication Journals for Symposium:

1. Chinese Journal of Aeronautics (SCI).
2. Materials Science Forum (EI, ISTP)

J. Electronic Material and Devices

Main topics:

Low temperature co-fired ceramic/ferrite materials and
devices;
Electronic ceramic materials and functional devices;
Microwave electronic materials and microwave
devices;
Ferrite materials and devices;
Electronic thin films and integrated devices;
Magnetic, magneto-optical materials and storage
technology;
Memory materials and their based memory devices

Organizers:

Huaiwu Zhang Univ. of Electronic Sci. and
Tech. of China
Tseung-Yuen Tseng Chiao Tung University
Qiang Xiao University of Delaware, USA

Contacts:

Huaiwu Zhang Univ. of Electronic Sci. and
Tech. of China
Tel: 86-28-8320-7063 E-mail: hwzhang@uestc.edu.cn
Tseung-Yuen Tseng Chiao Tung University,
MRS-T
Tel: 886-3-5731-879 E-mail: tseng@cc.nctu.edu.tw

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

K. Ferroelectric, Piezoelectric and Dielectric Materials

Main topics:

Ferroelectric, Piezoelectric and Dielectric Materials and Structures;

Ferroelectric polymers, liquid crystals and composites;

Giant k dielectrics, capacitors, and energy Storage;

Piezoelectrics and applications;

Multiferroics and applications;

Memory, MEMS and other integrated devices;

Theories, modeling, domains, phase transitions

Organizers:

Yichun Zhou Xiangtan University, China

Tae W. Noh Seoul National University,
Korea

Takashi Sekiguchi National Institute for Materials
Science, Japan

Contacts:

Jinbin Wang Xiangtan University, China

Tel: 86-731-58292199(o) 86-13875254988(cell)

E-mail: jbwang@xtu.edu.cn

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

L. Smart Materials

Main topics:

Shape memory alloys and application;

Magnetic shape memory alloys;

Shape memory polymers;

Transitional metal magnetostrictive alloys;

Rare earth magnetostrictive alloys and Applications;

Electrostrictive materials and applications;

Electromagnetic fluid materials

Organizers:

Chengbao Jiang Beihang University

Tseung-Yuen Tseng Chiao Tung University

Yong Liu School of Mechanical &
Aerospace Eng., Singapore

Contacts:

Chengbao Jiang Beihang University

Tel: 86-10-82338780 E-mail:jiangcb@buaa.edu.cn

Tseung-Yuen Tseng Chiao Tung University

Tel: 886-3-5731-879 E-mail:tseng@cc.nctu.edu.tw

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

M. Science and Advanced Technology of Gels and Aggregates

Main topics:

Aggregation of polymers, nano/microparticles;

Nano-fibers;

Denatured proteins;

Cement paste; Hydro-gels;

Fundamental structure, properties and functions;

Preparation methods;

Simulations;

Characterizations;

Applications to various fields;

Other Related Subjects

Organizers:

Guanghai Ma Institute of Process
Engineering, CAS

Atsushi Suzuki Yokohama National
University, Japan

Shin Yagihara Tokai University, Japan

Contacts:

Guanghai Ma Institute of Process
Engineering, CAS

Phone & Fax : 86-10-82627072

E-mail : ghma@home.ipe.ac.cn

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)
3. One more journal will be decided

N. Thin Film Materials and Technology

Main topics:

Advanced plasma source for thin film deposition (including atmospheric plasma);

Coatings for green environment;

High-entropy alloy thin films;

Large area thin film processing;

Mechanical properties of thin films;

Multi-layered and/or multi-functional thin films;

Nano-structural thin films and characterization;

Optoelectronic thin films;

Particle-embedded ceramic thin films;

Thermal/Diffusion barrier coatings;

Carbon based thin films and coatings

Organizers:

Fuh-Sheng Shieu National Chung Hsing University (MRS-T)
 Fanxiu Lu University of Science and Technology Beijing
 Osamu Takai Nagoya University, Japan
 Chengming Li University of Science and Technology Beijing

 Tel: 86-10-6233-4144 (O) 86-13501242523 (Cell)
 E-mail: chengmli@mail.ustb.edu.cn

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

O. Advanced Superconducting Materials

Main topics:

Basic physics on superconductivity;
 New type of HTc superconductors;
 Fabrication and characterization of superconducting wires and tapes for application;
 Superconducting thin films and bulks;
 Large-scale power application of superconductors;
 Electronics application of superconductors;
 Cryogenic engineering and applications

Organizers:

Pingxiang Zhang Northwest Inst. for Non-ferrous Metal Research
 Liye Xiao Institute of Electrical Engineering, CA S
 Kumakura Hiroaki National Institute of Materials Science

Contacts:

Guo Yan Northwest Institute for Non-ferrous metal research
 Tel: 86-29-8623-1079 Fax: 86-29-8622-4487;

Publication Journals for Symposium:

1. Rare Metal Materials and Engineering (SCI)
2. Science in China, Series E: Engineering and Materials Science (SCI)
3. Materials Science Forum (EI, ISTEP)

P. Nano-materials and Technology

Main topics:

Nano-particles and self-assembling;

Nano-structured surface and nano-coating;
 Polymer-based nano-composites;
 Nano-porous materials for environmental application;
 Carbon-based new materials;
 Nano-structured materials for energy storage & conversion
 Nano-structured Materials for Bio-medical application
 Nano-fabrication and Nano-characterization to main topics

Organizers:

Yunfa Chun Institute of Process Engineering, CAS
 Zhong Zhang National Center for Nanoscience and Technology
 Masahiro Yoshimura Tokyo Institute of Technology(Japan)
 Jiunn-Der Liao National Cheng Kung University,MRS-T
 Tatsuya Okubo University of Tokyo, Japan
 Jin-Ho Choy Ewha Womans University , Korea
 Dan Wang Chinese Academy of Sciences, China
 Yunli Li Kenensi Nanomaterials Co. Ltd, China

 E-mail: jdliao@mail.ncku.edu.tw

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

Q. Magnetic Materials at Nanoscale

Main topics:

Synthesis and characterization of magnetic materials at nanoscale;
 Magnetic nano-composites;
 Magnetoresistance functional films;
 Magnetic nano-particles for storage;
 Magnetic nano-particles for medical diagnostics and therapy;
 Spintronic materials and devices

Organizers:

Rongming Wang	Beihang University
Yanglong Hou	Peking University
Shouguo Wang	Institute of Physics, CAS
Xuesen Wang	National University of Singapore
Tom Wu	Nanyang Technological University
Stefano Sanvito	Trinity College Dublin, Ireland
Jingyue(Jimmy) Liu	University of Missouri-St., Louis, USA

Contacts:

Rongming Wang Beihang University

E-mail: rmwang@buaa.edu.cn

Publication Journals for Symposium:

1. Journal of Nano-science and Nanotechnology (SCI)
2. SCIENCE CHINA Physics, Mechanics & Astronomy (SCI)
3. Materials Science Forum (EI, ISTEP)

R. Bulk Metallic Glasses and High-entropy Alloys

Main topics:

Alloy design and processing; Glass-forming ability; Mechanical properties and deformation mechanisms; Structures at multiple length scales; Applications

Organizers:

ZhaoPing Lu	University of Science and Technology Beijing
Yi Li	National University of Singapore
Tao Zhang	Beihang University
Xidong Hui	University of Science and Technology Beijing

Contacts:

Yong Zhang University of Science and Technology Beijing
Tel: 86-010-6233-4927
86-13693212676(Cell)
Fax: 86-010-6233-3447
E-mail: drzhangy@skl.ustb.edu.cn

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTEP)

S. Bio-medical Materials

Main topics:

Smart biomaterials and biomimetics;
Nano-biomaterials;
Surface/inter-surface and biomaterials-cell interaction;
Natural-based polymeric biomaterials and composites;
Drug and gene delivery;
Hydrogels;
Biomaterials for tissue engineering;
Biomechanics and modeling

Organizers:

Zhongwei Gu	Sichuan University, China
Toshihiro Akaike	Tokyo Institute of Technology, Japan
Doo Sung Lee	Sung Kyun Kwan University, Korea
Ke Yang	Institute of Metal Research.CAS
Jiang Chang	Institute of Ceramics.CAS

Contacts:

Yao Wu Sichuan University
Tel:86-28-8541-4308 E-mail: wuyao@scu.edu.cn

Publication Journals for Symposium:

1. Biomedical Materials (SCI)
2. Materials Science Forum (EI, ISTEP)
3. Rare Metal Materials and Engineering (SCI)

T. Multi-scale Modeling and Simulation of Materials

Main topics:

Multi-scale correlation of materials and related algorithms;
Nano-scale physics and mechanics;
Meso-scale simulation of materials;
Simulations on photoelectric materials;
Simulations on structural materials;
Energy materials simulation and design;
Simulations on material fabrication and technology;
Advanced materials design;
Other multi-scale issues

Organizers:

Xingao Gong	Fudan University, China
Guang-Hong Lu	Beihang University, China
Dongsheng Xu	Institute of Metal Research, CAS, China
Shigenobu Ogata	Osaka University, Japan
Fei Gao	Pacific Northwest National Lab, USA

Contacts:

Guang-Hong Lu
Tel: 86-10-8233-9917 (o)
86-13381422197 (cell)

E-mail: LGH@buaa.edu.cn

Publication Journals for Symposium:

1. Science in China, Series G: Physics, Mechanics and Astronomy (SCI)
2. Science in China, Series E: Engineering and Materials Science (SCI)
3. Materials Science Forum (EI, ISTP)

U. Materials Characterization and Evaluation

Main topics:

- Microstructure characterization (TEM, XRD, Neutron diffraction, Synchrotron radiation, etc.);
- Surface characterization (AFM, AES, UVS, STM, etc.);
- Mechanical properties characterization (Fatigue and fracture);
- Materials chemistry characterization (Corrosion, etc);
- Mechanochemical or chemomechanical properties;
- Modern nondestructive evaluation

Organizers:

Important Dates

Feb. 28, 2010	1 st Circular and call for papers
May 31, 2010	Deadline for submitting abstract
June 15, 2010	Notification of acceptance; Invitation letter for visa
July 1, 2010	2 nd Circular and full paper manuscripts submission
Aug. 15, 2010	Last day for pre-registration
Sept. 25, 2010	Full paper manuscripts due

General Program

Date	Morning	Afternoon	Evening
Sept.25	Registration Sightseeing in Qingdao City (14:00-)		Reception
Sept.26	Opening ceremony; Plenary lectures		Symposia, Poster(16:00-18:00)
Sept.27	Symposia		Banquet
Sept.28	Symposia		Symposia Sightseeing (14:00-)*

*only for the participants missing the tour on Sept.25

Tel: 86-24-2397-1043

E-mail: zhfzhang@imr.ac.cn

Publication Journals for Symposium:

1. Science in China, Series E: Engineering and Materials Science (SCI)
2. Materials Science Forum (EI, ISTP)

Abstract Submission and Publication

Contributions are solicited of original unpublished works related to the main topics in a symposium of this conference. Abstracts of about 150-300 words should be submitted to <http://www.iumrs-ica2010.org> not later than **May 31, 2010**. The abstracts should contain the paper title, the authors' names and their affiliations.

The Abstract Book will be published on a CD-ROM before the conference and be available at the conference.

Full Papers Submission and Publication

Accepted full papers will be published in corresponding journals by conference organizers (see the related information under "Symposia Main Topics and Organizers") or the Materials Science Forum (MSF). The full paper manuscripts should be submitted to <http://www.iumrs-ica2010.org> before September 25, 2010, or at the registration desk during the conference. The papers will be refereed according to the requirements of journal editors. Only those papers which are presented at the conference by one of the authors and have met the requirement (including language and content) of the journals will be published. The full papers are restricted to 8-10 printed pages (about 16-20 manuscript pages) for invited papers and 4-6 printed pages (about 8-12 manuscript pages) for contributed papers.

Registration and accommodation

Please make pre-registration at the conference website of <http://www.iumrs-ica2010.org>

Registration fees

Classification	Before Aug. 15	After Aug. 15
Regular participant*	USD\$600	USD\$ 650
Students**	USD\$350	USD\$400
Accompanying person***	USD\$150	USD\$200

Registration fees include:

* An abstract book (CD ROM), program book, reception, banquet, lunches, coffee break and transportation(shuttle bus) between hotel of conference site.

**An abstract booklet (CD RM), program book, reception lunches, coffee break and transportation(shuttle bus) between hotel of conference site.
