

特邀学术报告

报告人: **Prof. Shiro Saka**

报告题目: **Supercritical Fluid and Its Utilization in Renewable Biomass Energy**

时 间: **2010-7-27** 下午**14:00~16:00**

地 点: 过程大厦**307**会议室

Prof. Shiro Saka
Country Representative of Japan,
International Energy Agency
Committee Member of NEDO
Chairperson of Biofuels World
Editor in Chief of Journal of Wood
Science and Mokuzai Gakkaishi

Department of Socio-Environmental Energy
Science, Graduate School of Energy Science
Kyoto University
Yoshida-honmachi, Sakyo-ku, Kyoto 606-8501,
Japan

简介

Mr. Saka is currently a professor of Graduate School of Energy Science, Kyoto University. His current research fields are bioenergy, biomaterial and supercritical fluid science, covering aspects of biodiesel, bioethanol, biogas, woody and aquatic biomass utilization etc. He is the editor in chief of Journal of Wood Science and Mokuzai Gakkaishi, invited editor of Bioresource Technology. He received more than 10 awards including Japan Prize of Agricultural Science, Encouragement Award of Japan Institute of Energy, Yomiuri Prize for Agricultural Science etc.
